

VIN Location and Picture Examples

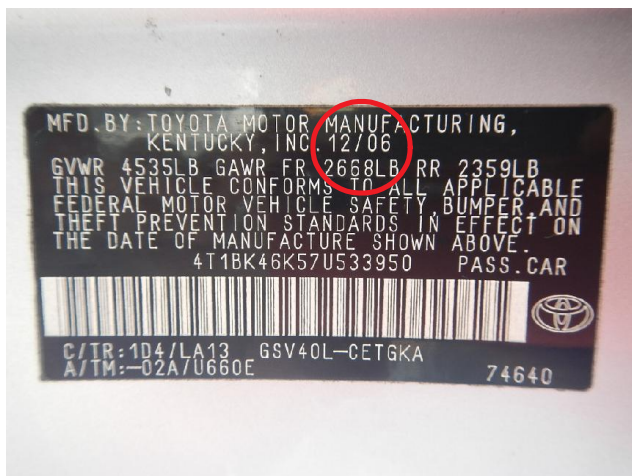

Door jamb VIN label location on most cars (either in door jamb or on back edge of door).

Closer look at VIN label location.

Here's a good picture of the door jamb VIN tag also showing where the Date of Manufacture is located.

Here's an example of how you can take a picture to get us your mileage...

...and your license plate.

Examples of good damage photos

Overall Damage Area

We need to see that grilles are missing

Another angle

Close up shows cracks in bumper
